Dear Paul

Normally, the calibration certificate is issue to the enduser name.

We can get it issue to Intergra no problem, but if your user cannot accept the calibration certificate under Intergra,

and they want to change it to their own company name, their will be a charge impose, RM50.00 to reissue a new calibration certificate.

Please give us your final confirmation, Calibration Certificate to be issued to Intergra or to Enduser.

If Enduser, please provide the company name and address to appear in the certificate.

Please do not hesitate to contact us for further clarification.

Thank you and have a nice day!

=====

Best Regards,

Your Trusted & Reliable Business Partner

Madam Teoh
